Professional Experience

Instructional Designer, Steritech, Remote Full-time, 2025 – Present

- Developed interactive eLearning courses for enterprise clients, including Amazon and Starbucks, using Articulate Rise and Storyline to translate complex operational standards into practical training.
- Built a two-week blended onboarding curriculum with eLearning courses, facilitator guides, and instructional resources for self-guided and instructor-led training.
- Published developed courses to Cornerstone LMS and supported Canadian French localization by creating translated versions of learning content.
- Created scenario-based assessments, job aids, and custom interactive activities to help learners apply operational procedures in real-world situations.
- Produced instructional videos and visual learning assets using Adobe Premiere and generative AI tools to support different learning formats.
- Managed multiple course development projects, collaborating with SMEs and stakeholders to review content, incorporate feedback, and maintain training accuracy.

Instructional Design Intern, UNC Kenan-Flagler Business School, Remote August, 2026 – Present

- Developed and maintained Canvas courses using established course plans and templates, including course content, homepage, and learning resources.
- Conducted accessibility and quality assurance reviews of Canvas pages, quizzes, documents, and presentation slides to ensure accuracy, consistency, and alignment with accessibility requirements.

Mandarin Teacher, Envision Science Academy, North Carolina 2016-2024

- Designed curriculum, digital learning modules, and multimedia resources to support instructor-led and virtual learning.
- Developed interactive learning activities and assessments, using learner performance results to identify learning gaps and adapt instructional materials.
